A DR-LP electrical diagram

TERMINAL BLOCK CONNECTIONS:

⏚ Earth
N Neutral
L^1 Phase input to week timer
L^2 Phase input to thermal non-return safety device
L^3 Phase input to main gas valve

COMPONENTS:

A On/off switch
B Control thermostat
C High-limit thermostat
D Safety thermostat
E Thermal non-return safety device
F Gas control
G Eye terminal (for earthing to the Jacket)

OPTIONAL COMPONENTS:

H Main power switch
J Week timer
