Bathroom radiator

**Attractive and easy to use,  
ideal for any bathroom**

## RIVIERA 2

Electric bathroom radiators

### DESIGN

Available in 7 colours:

A large surface with wide rails for hanging your towels

A wide range of standard and narrow dryers to fit all bathrooms.

### ABSOLUTE COMFORT

The comfort of a well heated bathroom and the softness of a warm towel.

**Blower** for a fast temperature response (optional).

**Easy to use** with eye-level control.

**Weather display** (function available if the product is connected using the Cozytouch bridge).

### CONNECTED

**Adjust your heating** whenever and wherever you want, and **view** your energy consumption **from your smartphone or tablet** using the Cozytouch app <sup>(1)</sup>.

Cozytouch

### SAVINGS

**Maximum energy savings** with built-in programming.

(1) Requires one Cozytouch bridge per household and one Cozytouch interface per appliance in this range.

# TECHNICAL CHARACTERISTICS

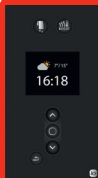

2 versions:

## ELECTRIC BATHROOM RADIATOR

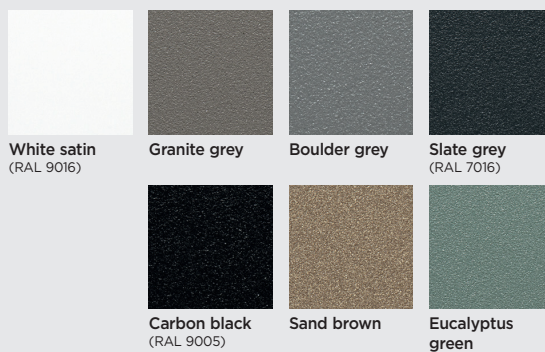

- Available **with or without a blower**
- Featuring 3CS technology: the bathroom stays warm even with towels on the radiator, and towels dry faster.
- **Eye-level control**: time and weather display
- Customisable **built-in programming**
- **Remote control** with the Thermor Cozytouch app
- Comes with a **special hook for a clothes hanger**

## HOT WATER BATHROOM RADIATOR

- **Wide curved rails**
- Comes with **two repositionable hooks** in the same colour as the radiator
